Maintenance schedule

Scheduled maintenance

The recommended service intervals and scope of work apply under normal driving conditions and do not take into account all optional equipment.

Dusty areas require more frequent checking and possible replacement of the air filter elements.

If the vehicle is driven on very dirty roads, the radiators and cooling-air inlets in the front should be checked and cleaned regularly.

Tire, clutch, brake pad and brake disk wear as well as the condition of the engine oil, the transmission fluids and the brake fluid (e.g. in the case of sporting events) are all largely dependent on driving habits, and are also affected by adverse operating conditions; this could mean shorter intervals between servicing and replacement.

Time-dependent maintenance

Oil maintenance: If the mileage for scheduled oil maintenance is not reached, oil maintenance must be performed after 1, 3, 5, 7 ... years at the latest.
Maintenance: If the mileage for scheduled maintenance is not reached, maintenance must be performed after 2, 4, 6, 8 ... years at the latest.

Proper care and maintenance will preserve the value of your Porsche and safeguard its functional capability.
This will also protect your right to make warranty claims.

The terms “inspect” and “check” include all associated work such as checking the condition, adjustments, readjustments, corrections and replenishment.
They do not include the repair, replacement or overhaul of components or assemblies.

Oil maintenance

As per fixed service reminder indicator, at the latest after 10,000 mls or 1 year.

If the mileage for scheduled maintenance is not reached, oil maintenance must be performed after 1 year at the latest.

Owner Satisfaction and Information

Once again, thank you for your purchase!
Porsche Cars North America, Inc. is dedicated to providing you with a Porsche vehicle which is up to the highest quality standards so that you might enjoy driving in its finest form.

It is very important to us that you are completely satisfied with your Porsche vehicle. Authorized Porsche dealers are thoroughly trained to assist in providing you with a rewarding and fulfilling ownership experience. Generally, any problems you might have can be solved quickly and effectively by speaking with dealership personnel.

In the event that you have questions or experience problems with your Porsche vehicle, we suggest that you proceed to resolve your questions/problems in the following manner:

1. First, take your inquiry or problem to the dealership's Service Manager. He/She is the person in charge of the Service Department who, through extensive product knowledge and training, is qualified to satisfy your needs promptly.

2. If, however, you are still not satisfied, arrange to speak with the Dealer Principal or General Manager. These are the people directly responsible for the entire dealership's operations. If they are unable to resolve your concerns, ask to get the Porsche Regional After Sales Manager involved.

3. In the event of a misunderstanding between you and the dealer, you may contact Porsche Customer Commitment. The staff at Porsche Cars North America, Inc., along with our District Service Manager, realize that **your satisfaction** is imperative to establishing a mutually beneficial long-term relationship. They are devoted to working with you and your authorized Porsche dealer to amicably resolve any dispute.

The authorized Porsche Importer in Canada is:
Porsche Cars Canada, Ltd.
5925 Airport Road
Suite 420
Mississauga, Ontario
Canada L4V 4Y4

You may contact Porsche Customer Commitment by calling 1-800-PORSCHE/Option 3 or by writing:
